Custom Size Vinyl Shutters

...made to order

LOUVER

PANEL

Valor Exterior Decorative Shutters are manufactured from a durable polypropylene compound with the colour moulded right into the plastic. Wood grain texture and beaded detailing give our shutters an elegant look, and are available in many styles to suit virtually any home. Although our shutters are custom made to size; because they are constructed using both extruded and moulded parts it's necessary to pay attention to the minimum and maximum lengths and width availability for each style.

VALOR

SPECIALTY PRODUCTS INC.

Custom Size Vinyl Shutters

...made to order

Fasteners Included

12 - 2-1/2" zinc screws with colour matched

plastic caps are included with installation instructions.

If installing into masonry, #8 nylon anchors will be required (*not included*).

Shutter Lock Plastic Fasteners can be purchased as an option if desired, which eliminate the need for anchors.

Painting Shutters

A "PAINTABLE" VERSION IS AVAILABLE, it is a different type of plastic and MUST be specified when ordering. Please indicate "PAINTABLE" where a colour would normally be specified. We recommend a light exterior grade primer, and a quality exterior acrylic paint. Our coloured shutters **CAN NOT BE PAINTED**. The durable material does not allow paint to adhere.

Warranty

VALOR Custom Shutters come with a 40 year limited warranty, that covers excessive fading, cracking, and peeling, etc. The warranty covers only the cost of the product.

ORDERING PROCEDURE

- Enter the Home Depot Article Number shown directly above the Price List for the item you wish to order.
- Once you've entered the correct Article Number the Main Description should automatically display a Shutter style range that the style you wish to order falls within. If not check that you've entered the correct Article number. If so, enter the Style Code for the Shutter you wish to order.
- Enter the Product Code shown for the item in the Price List you wish to order.
- Enter the Colour code for the Colour you wish to order, PLEASE USE THE FULL CODE. Example for Bright White, ENTER: BWH/117. This will ensure that you do not delay the order by Valor having to determine which White you require. There are several colours that offer more than one shade so it is important to provide the Colour Code.
- Enter the Width and Length of the shutter you wish to order, example 14.50 x 49.75
From the table above select ONLY one of the available widths for the Style selected. Widths CAN NOT be customized.
- From the table above enter a length between the MINIMUM and MAXIMUM lengths available for the style you wish to order.
You may ENTER LENGTHS TO THE QUARTER INCH. Example: 49.00, 49.25, 49.50, or 49.75.
- As all Prices for Shutters are by the PAIR, enter a quantity by the PAIR. If you require a single shutter (or Half a Pair), enter 0.50 in the quantity field.
Your order will show the Units as EA, given the correct Per Pair Price we know you are ordering a PAIR.
- Enter the Warehouse List Price from the book, the system will automatically calculate discounts.

Pilaster Kit

Standard Options:

Packaged: Pilaster Kits contain one left and one right pilaster and one left and one right plinth block. Purchase 6" or 9" Window Header separately.

Sizes: Pilaster Kit cuts down to fit door heights up to 102". Choose any window header style or size. Join headers together with keystones to fit wider openings (i.e. garage, patio doors).

Installation: Surface Mount

Features: Beautiful fluted pilasters are easily cut to fit your door height with no exposed fasteners.

Colours: See page 15 for our standard molded through plastic colours.

HOW TO BUILD A DOOR SURROUND

STEP 1: Pick 6" or 9" Dentil or Flat Header

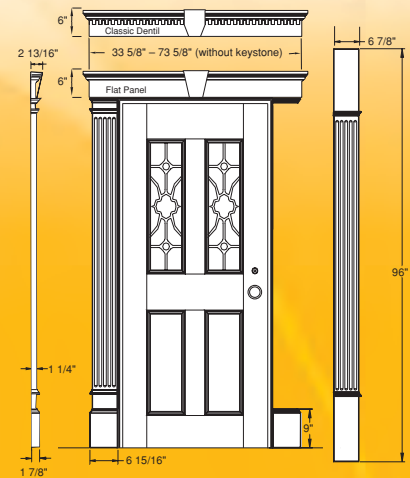

STEP 2: Measure door width, edge to edge, add 14" to accommodate pilasters

STEP 3: Order same colour pilaster kit

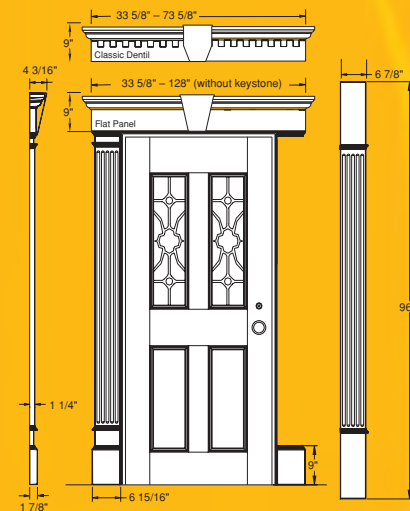

ARTICLE NO.: 1000108075
