### PVC Pier Cap Type Thickness

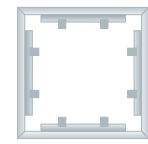

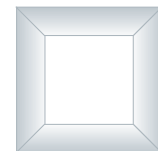

**Typ: 01**

**Typ: 02**

\*Pier Caps can be cut to allow for structural posts.

**Top Cap**

### PVC Box Cap/Base Edge Options

**OPT: SQR (Square)**

**OPT: CMF (Chamfer)**

**OPT: FIL (Fillet)**

**OPT: OGE (Ogee)**

### IMPORTANT NOTE

Post Wraps can be sold in three different formats: A) KD (Knock-Down/Unassembled) B) Split-"L" (2-L sections) C) U-Construction, where the Wrap is assembled with a single Panel Loose (removable) to allow it to be installed around a post.

ALL orders will be produced in a KD-Format unless otherwise specified on your order. NOTE: The KD format is the preferred method if the product is being shipped, as they take less room and are therefore cheaper to ship, and are less prone to damage. SPLIT "L" or U-Construction formats may require additional packaging and shipping premiums applied.
